

EDUCATION

Sri Eshwar College of Engineering	B.E - ECE	CGPA: 7.45(5 th sem)	2023 – 2027
Sri Vaiyapuri Vidyalaya Mat. Hr. School, Sankarankovil	HSC	89.9%	2022 – 2023
EBG Matriculation Hr. School, Madurai	SSLC	PASS	2020 – 2021

PROJECTS

ShopInventory 2025

Developed a Shop Inventory Management System to efficiently manage product stock, sales, and inventory for retail businesses. The system supports real-time inventory tracking, product categorization, and low-stock alerts, providing a streamlined experience for store managers and staff. The backend ensures secure data handling with MongoDB and RESTful APIs, while the front end delivers a responsive and user-friendly interface for inventory operations and analytics.
Tech Stack: Tools: Visual Studio Code, Technologies/Frameworks: MongoDB, Express.js, React.js, Node.js.

Smart Attendance System 2026

Developed a Smart Attendance Management System to simplify and automate student attendance tracking for educational institutions. The system enables real-time attendance monitoring, course and enrollment management, secure user authentication, and attendance report generation for students, faculty, and administrators. It provides role-based access control, RESTful APIs for seamless data communication, and a responsive front end for efficient attendance operations and analytics. The backend ensures secure and reliable data handling, while the interface delivers a smooth and user-friendly experience across devices.
Tech Stack: Java, Spring Boot, React.js, MySQL, REST APIs, JWT Authentication.

PassportX 2026

Developed a Passport Management System to simplify passport application, document verification, and application tracking processes. The system allows users to apply online, upload documents, and monitor application status in real time, while administrators can efficiently manage approvals and verification workflows. It also includes secure authentication, role-based access control, and a responsive user interface for smooth user experience.
Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT Authentication, REST APIs.

EXPERIENCE – INTERNSHIP

MERN STACK - Gained hands-on experience in full-stack development, building responsive UIs and RESTful APIs using MongoDB, Express.js, React, and Node.js. This internship was offered by the Rampex.

SPRINGBOOT - Completed an internship at Rampex, gaining hands-on experience with Spring, Spring Boot, Maven, and ReactJS. Strengthened my Java Full Stack development skills by building real-world projects.

TECHNICAL SKILLS

Programming Languages	:Java Python C
Frontend	:HTML CSS JavaScript
Web Technologies	: ReactJS, NodeJS,ExpressJS, SpringBoot
Framework Core	:Data Structures & Algorithms Object-Oriented Programming (OOPS)
Tools	:Visual Studio Code GitHub Figma Google Colab M.S.Word Canva

ACHIEVEMENTS

- Attended AR & VR Workshop at CIT, Coimbatore, Tamil Nadu
- Received Certificates for participation in multiple Technical Events at CIT, Coimbatore, Tamil Nadu
- Participated in a Technical Quiz on Networking and presented a project at the Ideathon event hosted by Nehru Institute of Engineering and Technology (NIET)
- [SKILL RACK](#) - Solved 500+ Problems Solved
- [LEET CODE](#) - Solved 200+ problems

CERTIFICATES

Mastering Data Structures and Algorithms Using C and C++	2024
Programming in java (NPTEL)	2025
Application Development in java (RedHat)	2025
Cisco Networking Certificate	2026
Cisco Python Certificate	2026
